On Foreign Minister Hon. Anita Anand's Statement Condemning Attacks by Violent Settlers in the West Bank

For Immediate Release

October 21, 2026

The Canadian Arab Public Affairs Committee (CAPAC) supports Foreign Minister Hon. Anita Anand's condemnation of the latest attack by terrorist settlers in the West Bank, including the attack in Taybeh that targeted diplomats from Belgium, France, and Poland. Canada is right to stand with the European Union and our European allies on this.

Let us name it plainly: this is settler terrorism, carried out under the watch of this Israeli fascist government. It is not an isolated incident but part of a broader pattern of violence that threatens Palestinian communities every day and weakens every effort toward peace.

CAPAC calls for an independent investigation, as Israel has a history of failing to hold anyone accountable for such terrorism against diplomats time and time again.

Canada's strong voice matters. CAPAC urges the government to keep using it, clearly and consistently, until the terrorism stops and accountability is real.
